# ALL BIDDERS PLEASE READ

## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in (     ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

### **Our Mail Sales Are Conducted As Follows:**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

# IS THIS YOUR FIRST AUCTION CATALOG?

21st EDITION (1968) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION  
"TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

## BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

# YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

33. -'1876-CC PROOF (slightly golden) WITH A FANTASTICALLY HIGH WIRE EDGE, re-engraved "E" in DIME. Undoubtedly struck for some special purpose. This has reposed in a New York collection for over twenty years with an 1876-CC 20c piece. While its original cost over twenty years ago was \$150.00, the owner about ten years ago valued it \$1,000.00." From a 1963 sale with above description. ## UNIQUE PATTERN 1805 QUARTER?

The only record known to us is lot 94, the Henry Metzger coll., sold by Henry Chapman, Feb. 12, 1909, and there thought by Chapman to be UNIQUE. This specimen, ex-Brand, may be that very piece." From an old New Netherlands sale some years ago with above description. It changed hands again in 1965 at \$1,000; probably now worth closer to 1,200.00.

John Jay Knox, Comptroller of the Currency said: "If such a coin is authorized, it should be issued only as a commercial dollar, not as a standard unit of account." 930. 1858 J-191, TRANSITIONAL CENT, regular flying eagle small letters obverse, regular laurel wreath reverse as adopted in 1859, golden PROOF WITH "SQUARE WIRE EDGE" as typical in most proofs. Only about 50 said to have been struck (listed as R-5, 31 to 75 struck) compared to the 200 regular small letters proofs struck which now catalogs \$1,925.00. Acquired early 1963 when it was valued \$1,500 and contained in a collection of proof cents 1856-1909 in place of the regular 1858 small letters tobacco wreath. Due to the unusually strong demand as a replacement for the seldom available regular 1858 small letters proof (catalogs \$1,925.00) (and ignoring the "optimistic" \$1,500.00 valuation) we believe a realistic valuation would be ..... 1,000.00

### 1865 OVER 4 CENT, UNCIRCULATED

996.	1865 OVER 4, early die state with underlying 4 quite plain, Red and brown UNCIRCULATED. To date, this MAJOR VARIETY appears to be even rarer than the 1858 Over 7 flying eagle! Why the Guide book did not include this overdate at the same time it included the 1858 overdate, your guess would be as good as ours (possibly, due to the greater rarity of this overdate). We believe this omission will be rectified as the Guide book has been including major omissions nearly every year. When it is included in the catalog, the great demand will no doubt raise it to its proper proportionate value. Until then, this GREAT RARITY should surely exceed the proof 1856 flying eagle's value of .....	3,000.00

### \$3 GOLD SET

Authorized in 1853 and abolished in 1889 (when 3c piece also abolished). Bust Indian princess with value reverse. They were unpopular and circulated very little. Very few have survived of the small total issue (less total issued than that struck in a single year for some of the other denominations). A brief glance at the small issues of some years (only a few hundred of some with 15 having about 1500 or less) reveals the reason for the constant advance in values over the years at a faster rate than that for the other denominations. We believe this series offers excellent potential for future increase in value.

### ALASKA 1935 RURAL REHAB. CORP. TOKENS

Accompanying card states, "BINGLE" Tokens of the Matanuska Valley, Alaska. In the year 1934, the U.S. Gov't. decided to colonize the Matanuska Valley. They took an estimated 200 families from the relief rolls in the states of Minn., Mich., Wis. A gov't store was built but it was soon discovered that the colony did not have enough money so the Gov't authorized the manufacture of these tokens which were made on a hand press. About 250 complete sets (8 pcs) were made and nicknamed "Bingle" in honor of Rev. Geo. Bingle who founded the Valley churches and was an aid to the whole colony. A.R.R.C. at bottom of coins.

1972. 1853 OVER 2, accompanying it is this from a 1962 sale: "1853 OVER 2, UNCIRCULATED. AN OUTSTANDING RARITY AND ONLY 2 SPECIMENS KNOWN TO DATE! THE ORIGINAL "2" CLEARLY SHOWS IN THE INSIDE BOTTOM OF THE "3". THE PEDIGREE GOES BACK TO NEW NETHERLANDS COIN CO. (John Ford who is also editor of the Standard Catalogue of U.S. Coins). TRULY, A MOST UNUSUAL OPPORTUNITY TO ACQUIRE AN OUTSTANDING RARITY BEFORE IT "SKYROCKETS IN VALUE" WHEN IT IS INCLUDED IN THE CATALOG. We note the Guidebook has included the 1862 OVER 1 \$2½ gold this year and in the previous year included the 1865-S over inverted 186 \$10. The present owner "stole" this 1853 Over 2 at a mere \$1,000.00. We believe this GREAT RARITY should surely be worth as much (if not more) than the 1865-S Over inverted 186 which was valued (July, 1962) \$3,500.00." In the intervening 5 years, there has been a rumour that another specimen in lesser condition has been discovered. It is still much rarer than many gold coins which are listed in the catalog at many thousands of dollars! .....
